

2012 HANDS ON Seminar-The Foot

ISELP is starting the HANDS ON ultrasound/radiology lecture/wet lab series. This series is customized for the entry to medium level ultrasonographer who wants to learn more techniques in a small group atmosphere all in one day.

Virginia Equine Imaging was the first clinic to host an ISELP 3 day module and now we are happy to introduce this HANDS ON series.

Date: March 24, 2012

Time: 8:00am – 5:00pm

Location: Virginia Equine Imaging, The Plains, VA

Kent Allen, DVM

Certified ISELP member

Kent is the owner of Virginia Equine Imaging. He has served as the United States Equestrian Team veterinarian several times. Other professional accomplishments have included vice-chairman of the FEI Veterinary Committee, Veterinary Services Coordinator for the 1996 Atlanta Olympic Games, highest ranked veterinary official at the 1999 Pan American Games and the Sydney Olympics, and several terms as the USEA Board of Governors and the USEF Board of Directors. Kent was the Head Veterinary Coordinator of the World Equestrian Games in Kentucky in 2010, and will be the Foreign Veterinary Delegate for the 2012 London Olympics. Currently, he is the FEI head veterinarian for the United States. He is certified and the vice president of the International Society for Equine Locomotor Pathology (ISELP). He has 32 years of experience in the field and consults on sports medicine cases, 2nd opinion radiographs and pre-purchase opinions on a daily basis.
